

## Fate

Yield not to fate  
For fate may be  
But destiny is not

For those who yield to fate  
Will lose control  
Of the destiny they seek

For fate is but a chance  
And destiny is never predetermined  
So where fate may lead you  
Destiny is still your own

So yield not to fate  
Accept fate for what it is  
And your destiny will be

Your own
